

Remarks

The Cross Reference to Related Applications section has been amended to indicate the serial number for the concurrently-filed related application.

- In paragraphs [0088] and [0092], the word "alkyl" has been amended to "alkylidene" 5 to indicate the R groups attached to the carbon by a double bond, as shown in the formulas.

In a Notice to File Missing Parts of Nonprovisional Application, the drawings were indicated as not acceptable. Replacement pages are attached hereto.

Conclusion

Favorable consideration of the claims is courteously requested.
